## ONE Winter Clothing Donation

### CSR ACTIVITY REPORT

**Location:**

Brazil

**Region:**

Latin America

**Period:**

July 2019

**Type of Activity:**

Charity

Due to the low weather in Southern Hemisphere in the middle of the year, ONE Brazil carried out a Winter Clothing Donation Campaign in July 2019. The main purpose of this campaign was to emphasise the importance of social responsibility. Clothing and blankets that were gathered have been donated to charitable institutions that give support to homeless people.

For this campaign, each employee donated at least 3 items (blouse, jacket, sweater or blanket) in new or good condition. In return, the donors (employees) would receive a new ONE jacket.

This Winter Clothing Donation Campaign was a success, with participation of all employees and 800 pieces of items being collected.
