

ONE MOBILE APP

Conduct various transactions online and use mobile service where information is within your reach anytime, anywhere.

Ocean Network Express introduced ONE Mobile App with the goal of empowering our clients to do various transactions online and providing easy-to-use mobile services where information is always at their fingertips.

ONE Mobile App offers valuable features such as Track and Trace, Schedule Enquiry, Push Notification on eCommerce Subscription, News Alert, ONE QUOTE and a lot more which will bring ONE Customers one step closer to our online services.

Through ONE Mobile App, we are targeted to achieve the maximum accessibility and awareness of ONE services, improvement of Customer engagement and provide the highest level of customer support.
